

BOOK OF FORMS UNAUTHORIZED

Will Still Be Published, but
Presbyterian Assembly
Disowns It.

BITTER STRUGGLE ENDED

ANTI-POLYGAMY RESOLUTION ADOPTED.

Des Moines, May 23.—The famous controversy and debate over the proposed Presbyterian book of forms ended in the general assembly late this afternoon in a compromise in which all words that might indicate that the book is authorized were stricken from the resolutions, and the text and title pages of the book itself, and in which a resolution of opinion was also incorporated, declaring specifically that the assembly made no recommendations with reference to it.

Bitter Feeling Removed.

*With these limitations the report of Dr. Henry Van Dyke's committee was adopted, and all bitterness between the factions avoided. The book of forms will continue to be published, but nowhere on its pages will be found anything to indicate that it bears any authority from the Presbyterian general assembly, all such words and phrases having been stricken out. It will be published merely "for the purpose contemplated by the general assembly of 1905," and "for voluntary use." By its action today the assembly virtually rescinded the action of the three preceding assemblies of 1903, 1904 and 1905, in which progressive steps were taken for an authorized book of forms. The compromise was agreed upon today after numerous conferences between Dr. Van Dyke and Dr. William F. McCauley of Cincinnati, the latter leader of the opposition. The resolutions offered this afternoon were in accord with the understanding reached by them, and the vote was unanimous.

Telegrams of Good Will.

The cause of unionism between the Cumberland Presbyterian church and the Presbyterian general church in the United States, the latter body in session here now, received a decided impetus at today's session, when telegrams of good-will and brotherly greetings were exchanged, the Cumberland being in session at Decatur, Ill.

The assembly adopted a number of important recommendations. The question of polygamy came up, and a resolution was adopted asking the church in the various localities to lend its influence to the adoption of an amendment to the constitution of the United States prohibiting it. Officers of the women's home missionary board were elected, and a large amount of routine business disposed of. A resolution memorializing congress appropriation of public money for sectarian purposes was defeated.

Pirating Foley's Honey and Tar.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. F. J. Hill Drug Co.

BOYSEN BEING HEADED OFF

Interior Department After the Man
Who Has First Rights on
Shoshone Reservation.

(Special to The Herald.)
Washington, D. C., May 23.—Energetic steps are being made by the interior department and the department of justice to prevent Asmus Boysen and his corps of protectors from going on the Shoshone Indian reservation prior to June 15, the date he is permitted to commence prospecting under the act providing for the opening of the reservation.
The fact that an injunction has been granted by the United States district court for Wyoming to restrain the Indian agent on the Shoshone reservation from preventing Boysen getting on the reserve does not interfere with the arrangements the government is making to keep him off. The injunction, it is stated, does not extend to the military patrol on the reservation, and if Boysen attempts to enter with force he will come into conflict with soldiers who have orders to evict him. It is expected, however, that he will be kept off by more peaceful means.
The department of justice today instructed the United States attorney for Wyoming to appeal from the order of injunction, and his attention was called to recent decisions of the supreme court to the effect that a suit cannot be commenced against an agent of the government without consent of the head of the department with which such agent is connected. These decisions, it is stated, render invalid the recent injunction brought against Indian Agent Wadsworth restraining him from efforts to keep Boysen off the reservation.

(Special to The Herald.)
Boise, Ida., May 23.—Officers have captured a counterfeiting outfit here which is said not to come within the law, and three men arrested will be turned loose. One is Hugh Stricker of this place, the others being named Jellison and McAdam, these last having been arrested at Shoshone. There is only one die, the purpose being to make a coin to work slot machines. The other side of the piece is smooth, and it is made of aluminum. District Attorney Ruick says the men will have to be discharged as the coin is not a counterfeit.
